Indian Standard

SPECIFICATION FOR WARFARIN SODIUM SALT WATER SOLUBLE POWDERS

FOREWORD

0.1 This Indian Standard was adopted by the Indian Standards Institution on 18 December 1973, after the draft finalized by the Pest Control Sectional Committee had been approved by the Agricultural and Food Products Division Council and the Chemical Division Council.

0.2 Warfarin sodium salt water soluble powders are used as baits for the control of rodent pests in homes, fields and warehouses.

0.3 This standard is one of a series of Indian Standards on pest control products. Other standards in this series are given on page 12.

0.4 For the purpose of deciding whether a particular requirement of this standard is complied with, the final value, observed or calculated, expressing the result of a test or analysis, shall be rounded off in accordance with IS : 2-1960*. The number of significant places retained in the rounded off value should be the same as that of the specified value in this standard.

1. SCOPE

1.1 This standard prescribes the requirements and-the methods of test for warfarin sodium salt water soluble powders.

*Rules for rounding off numerical values (*revised*).
