## *Indian Standard*

# **METHOD FOR SENSORY EVALUATION OF PUNGENCY OF BLACK PEPPER BY SCOVILLE HEAT UNITS**

### **1. SCOPE**

**1.1** This standard prescribes a method for sensory evaluation of pungency of black pepper by Scoville heat units ( SHU) corresponding to the recognition threshold.

**1.2** This procedure is applicable to pepper powder and pepper oleoresin and the tables provided cover the range of 1 to 8 percent piperine in powder and 10 to 80 percent piperine in oleoresin.
