Indian Standard

POWER TILLER — TEST CODE

(Second Revision)

1 SCOPE

This standard covers the terminology, general guidelines and tests to be conducted on power tillers. The standard also covers methodology for testing of air cleaner oil pullover, vibration and inspection of components/assemblies.

2 REFERENCES

The Indian Standards listed in Annex A contain provisions which through reference in this text, constitute provision of this standard. At the time of publication, the editions indicated were valid. All standards are subject to revision and parties to agreements based on this standard are encouraged to investigate the possibility of applying the most recent editions of the standards indicated.

ANNEX A

(Clause 2)
