## SYNOPSIS

**Number and Title of the Indian Standard:** IS/ISO/IEC 14496-15 : 2017  
Information Technology- Coding of audio – visual objects – Part 15 : Carriage of network abstraction layer (NAL) unit structured video in the ISO base media file format

**a) Scope:**

This document specifies the storage format for streams of video that is structured as NAL units, such as AVC (ISO/IEC 14496-10) and HEVC (ISO/IEC 23008-2) video streams.

**b) Salient features of content:**

This document may be used as a standalone specification; it specifies how NAL unit structured video content shall be stored in an ISO Base Media File Format compliant format. However, it is normally used in the context of a specification, such as the MP4 file format, derived from the ISO Base Media File Format, that permits the use of NAL unit structured video such as AVC (ISO/IEC 14496-10) video and High Efficiency Video Coding (HEVC, ISO/IEC 23008-2) video

**c) Types/grades/classes, if any covered in the standard:** NA

**d) Disclaimer (to be automatically provided by the program/software):** NA
