### To Whom It May Concern

This is to certify that **Kumaril Buts** has been employed by us from **February 2012 to May 2017**. He has worked as a **Trainee Project Engineer** in our company. His responsibilities included assembling, maintenance, and design work. He always met his deadlines and was a great fit within our organization. Throughout his training and research work, he designed a novel control algorithm for the Photovoltaic, Fuel Cell, and Battery/Supercapacitor supported microgrid. He could handle any situation that came up during his work. We respect their choice to pursue further higher education and wish them continued success.
