

1. Please refer to Table 1 , SI No. (iii) of IS 17266 : 2019 Textiles — Viscose Staple Fibre. We understand that the requirement 'Whiteness' to be tested as per IS 1060 (Part 4/Sec 4). The specified requirement of 'whiteness' of 'Modal' is appearing as 78.0 78.0 (ref Column 5 of table 1) and the specified requirement for 'whiteness' of 'Lyocell' has been mentioned as 'IS 1060 (Part 4/Sec 4)' which is ambiguous.
2. . In view of above, the following modification is proposed;
  - a) [Page 1, Table 1, SI No. iii), col 5] Substitute '78.0' for '78.0 78.0'
  - b) [Page 1, Table 1, SI No. iii), col 6] Substitute '78.0' for 'IS 1060 (Part 4/Sec 4)'
  - c) [Page 1, Table 1, SI No. iii), col 7 ] Add 'IS 1060 (Part 4/Sec 4)'
