Subject: Request for releasing the amendment for **IS 12817:2020** to Include New Varieties Under the Scope of IS 12817: 2020 "Stainless Steel Butt Hinges"

Dear Sir/Ma'am,

We, **White Water Solutions India Pvt. Ltd**, are writing this letter to bring to your attention some points regarding the Indian Standard **IS 12817**, titled "Stainless Steel Butt Hinges."

As outlined in **Clause 3 of IS 12817**, six types of hinges are currently covered based on their texture and dimensions, which include:

- a) **Light weight (narrow) hinges**
- b) **Light weight unequal flap hinges**
- c) **Medium weight hinges**
- d) **Medium weight (narrow) hinges**
- e) **Heavy weight unequal flap hinges**
- f) **Heavy weight hinges**

Upon reviewing the specifications and dimensions listed in **Tables 1-6 of IS 12817 "Clause 3"**, we have observed that our product line has distinct variations in length, width, diameter, and other key parameters. As a result, our products currently do not fall within the scope of this standard.

In order to comply with the regulations prescribed by the Ministry and BIS, we respectfully request that BIS consider releasing an amendment to IS 12817: 2020 to include our product varieties under the scope of the standard.

Please refer to the table below for the dimension table of our product which we want to be added under the standard to follow the land of the law.

Model number	Length	Breadth	Thickness	Diameter of pin	Number of knuckles	Number of screw holes	Holes for screw number
WF205-2	49.5	65.8	3	9.5	3	7	9
WF265-1	100	65.8	3	9.5	5	8	9
WF209-2	49.5	65.8	3	9.5	3	7	9
WP259-1	100	65.8	3	9.5	5	8	9
WP259-1	100	65.8	3	9.5	5	8	9

We have also visited the BIS office to discuss adding these varieties under the scope of the standard. We would greatly appreciate your assistance in facilitating this amendment.

Additionally, we would be happy to participate in relevant sectional committees of BIS to help expedite the amendment process.

We look forward to your response and assistance in this matter.

Thanks & regards,
Gaurav Kumar
