No.Exam./Com./ 97 of 2018.

CIRCULAR :-

The Directors/Heads, various Departments of the University, Principals of all the affiliated and the Constituted colleges in Arts, Science, Commerce and Management, Directors of recognized Institutions concerned, Professor-cum-Directors Institute of Distance and Open Learning and Director/Co-ordinators the University Ratnagiri and Thane Sub Centre's & Kalyan Sub-Centre are hereby informed that as per requirements received from the candidates and various Colleges/Institutions regarding the conversion of Cumulative Grade Point Index to Percentage. Taking into consideration the requirements, the University constituted the committee for the purpose of preparing the formula. The following resolution was passed by the committee and approved by the Board of Examination & Evaluation Committee at its meeting held on 04th September, 2018 vide Item No. 19 Index regarding the conversion of CGPI to Percentage for the Graduate and Post Graduate Courses (Choice Base) from commenced the Academic Year 2016-17.

The cumulative Grade Point Average (CGPI) is calculated on the basis of weighted average method which cannot be directly related to the actual percentage of marks scientifically. The conversion formula is approximate representation of CGPI to percentage.

- 1) For 7 point Grading System (CBGS), the percentage shall be calculated on the percentage of actual marks obtained by the candidates.
- 2) For the 10 Point Grading System (CBCS), the formula for calculating the percentage is given by:-

$$\text{Percentage (\%)} = 7.25 * \text{CGPI} + 11.$$

The percentage can be calculated using above formula and rounded to next full integer.

These propose functions can be used if required, otherwise CGPI can be used everywhere as CBGS system is enforced.

The Directors/Heads/Principals/Co-Ordinators/Various Departments/ Institutions/ Colleges/Sub-Centres are therefore also informed that, to take the necessary action as per the above resolution, so as the students concerned and various stake holders can calculate the percentage from CGPI at your end.

Mumbai – 400 098
