

To Whomsoever it may concern,

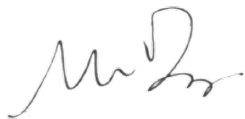

Date: 1/10/2018

This is to certify that **Mr. Vipin Kumar** was working as an **Engineering Intern** with **Energy Conservation** from **12 February 2018 to 10 August 2018**. He was reporting in our Sydney Office working five days a week during this tenure.

While working as an Engineering Intern with Energy Conservation, he was responsible for the following:

1. Assisting Senior Project Engineers with preparing Implementation plans and scope of works, develop equipment specifications and Designs.
2. Prepare Documentation, liaise with sub-contractors and carry out dedicated tasks on site.
3. Assisting Senior Project Engineers ensuring Project Management is carried out as per the agreed scope of work.
4. After commissioning of newly installed or reprogrammed equipment, ensuring Optimized Performance and Efficiency are achieved.
5. Calculate Energy Savings and measure the Post-Project Performance of the projects on numerous agreed parameters.

We wish him great success in his future endeavours.

Mourace Ding
Project Coordinator
