

[List of Acquired credits and GPA) starting from April,2016]

How to calculate GPA = $\frac{\text{Total of [*GP of registered courses X number of credit]}}{\text{Total number of credits of the registered courses}}$	$*GP = \frac{\text{grade} - 55}{10}$ $0.5 \leq GP \leq 4.5$ <p>if your grade is under 60, GP=0</p>
--	--

Courses excluded from GPA

- 1) Undergraduate
- 2) Graduate Research seminars, Research-related courses
- 3) Common 1. approved courses(study abroad, transfer, transfer credits)
 - 2. graded in passed or failed
 - 3. courses excluded from graduation and completion requirements

If you retake a failed course with a grade below 60 and get a grade of 60 or above in the next available term, the grade and credit number of the course in the above equation will be automatically replaced with the new ones.
