

Report of Day-Long Workshop
MBM University, Jodhpur, Rajasthan on 01.02.2024

A day long work-shop for sensitizing the faculty and research scholars of MBM University, Jodhpur, Rajasthan was organized on 01.02.2024. In this workshop, around 60 participants from the faculty and research scholars were present. The workshop was inaugurated by Prof. Ajay Kumar Sharma, Vice Chancellor, MBM University and was graced by Prof. Rajesh Bhadada, Dean, Faculty of Engineering and Architecture and Prof. Arvind Kumar Verma, Dean, Student Welfare. HoD of various departments were present in the session.

BIS Team:

1. Shri. M K Paramanik, Head JPBO II
2. Ms. Ankita Srivastava, Sc-D, LITD and Nodal Officer for MBM University
3. Shri. Abhishek Pal, Sc-D, CED
4. Shri. Nishant Parasher, Sc-C, NOBO
5. Shri. Harshit Kumar Jain, Sc-C, JPBO-II

Inaugural Session:

The workshop commenced with the ceremonial lighting of the lamp, followed by the rendering of Manak Geet. Professor Ajay Kumar Sharma, the Vice Chancellor, extended a warm welcome to the BIS team and shared his valuable experiences in engaging with BIS standardization initiatives. He encouraged participants to identify areas where standardization activities could be initiated and emphasized the pivotal role of academia in standardization. He also urged the faculty of MBM University to peruse the possibility of participating in standards making process by way of membership to BIS technical committees.

Nodal professor of MBM University, Prof Kailash Choudhary, apprised the faculty members about the collaboration between BIS and MBM University in the area of standardization and conformity assessment. Shri. M K Paramanik elucidated the purpose and expectation of conducting the workshop. He also explained the members about various activities of BIS in the field of standardization. Hhe urged faculty members and research scholar to take part actively in the BIS sectional committee. Furthermore, he encouraged participants to take maximum benefit of the sensitization program.

The Inaugural session ended with a vote of thanks by Prof. Rajesh Bhadada, Dean, Faculty of Engineering and Architecture and thanked BIS and all the other members who contributed in hosting the programme.

SESSIONS:

The first session started with the the quiz *BIS: Don't You Know Me?* Followed by overview of BIS activities, presented by Shri. M K Paramanik.

During the second session, Ms. Ankita Srivastava and Shri. Abhishek Pal, introduced participants about the standardization portal which included subjects like details of the various Technical

Committees and their programme of work. Special attention was given to those standards which are related to the topics being taught; and how the Indian Standards can be incorporated in the curriculum.

Further, they were guided for becoming a member in committees, giving comments on drafts, submitting NWIP and accessing the R&D portal to view ongoing projects and submit new proposals.

The few important R & D projects were explained and process for applying for these R & D projects were also explained to the faculty and research scholars. The guidelines for applying the project under R & D project was also explained.

Breakout Sessions:

Technical department wise break-out sessions were conducted by BIS officials with the faculty and the research scholars of various technical departments. Details of relevant departments, standards developed and under development, R&D projects launched were discussed in detail in the breakout sessions.

During the session, it was also apprised to the faculty that discipline wise topic on standardization may be included in the course curriculum.

The program was well received and MBM University officials thanked the team for the informative sessions conducted and expressed their eagerness to conduct more such programmes or deliver technical lecture with BIS.
