"Clean India can give you  
good health.  
If you have good health,  
you can make your future bright"

Keeping India clean is not just responsibility but a commitment with all citizens along with govt. and various organization.

Cleaning is not just to clean but also related to public health.

Role of Indian Standard for making our India clean and healthy:-

Indian standard provide various standards to protect the environment for leading healthy life in future. Indian standard plays very important role to create clean and healthy India.

For example:-

Green standards:- These standard is making for removing negative aspects on the human activities that is not necessary for the environment.

## Clean India , Healthy India .

'Clean India , Disease free India'  
'Efforts to make healthy India'

The quality of life can be best determined by its cleanliness and health indicators. In fact, these are the measures of the country's progress. Clean India definitely make the healthy India. We keep our surrounding clean and free from pollution. But we don't do the activities that pollute our environment. Today, the gas disposal of garbage and waste material on the streets and roads that possess a serious threat to mankind. The increasing of pollutant in soil, land and also in water is the reason for diseases in peoples. BIS also play a important role in making Clean

## Clean and Healthy India

The Bureau of Indian Standard (BIS) plays a pivotal role in enhancing public health and environmental sustainability in India. Established in 1986 to ensure that quality of standard across the various sectors. BIS contributes significantly to a vision of clean & healthy India. This particularly crucial in public health. Its influence is evident in area such as food safety, water quality, sanitation and environmental protection.

1) Ensuring food safety :- One of the primary benefits of BIS is that it contributes the food safety through standardization and certification. It ensure guidelines to food products, they are safe for consumption. By certification food items, BIS help to protect consumers and prevent health hazards.
