

As simultaneous raids were carried out by BNBO, involving the office of M/s Maruti International, alleged importer of PSF, press release was issued by BNBO, BIS.

Moreover, CNBO set aside the issuance of press release for the time being as we are in the process of gathering more evidence from Office of the Customs Commissioner, Chennai, as the documentary evidence presently collected is devoid of bill of lading etc, required to establish the details of import, against the alleged statement of the enterprise(s) involved purportedly stating the material was manufactured domestically but without bearing any ISI mark.
